

Dear Israel Friends, Shalom.

November 27<sup>th</sup>, 2019

**Here is the unique story of the Jerusalem TA'ATZUMOT Empowering Center which is helping thousands of children and their families in Jerusalem and its surroundings.**

**Who are we?** The “**Ta’atzumot**” association was founded ten years ago by Mrs. Tami Katzenelbogen MA, my wife, and her sister Mrs. Tzivi Smualevitz MA, who together manage the association ever since. They have a younger brother who has Down Syndrome. They personally experienced the difficulties their family faced in their search for help. While taking care of their brother, they initiated and organized a group of mutual assistance for people in their neighborhood. Today the association operates a professional team of over 100 experts in various fields.

**Ta’atzumot is a registered & recognized non-profit organization in Israel and the USA.**

**What do we do?** The goal of the association is to provide professional interdisciplinary treatments and guidance for children, teenagers, adults, families, groups and schools who have to deal with emotional and behavioral difficulties. Our association specializes in professionally assisting victims and their families who suffer from traumas and/or disorders like ADHD, PTSD and regulation difficulties. The background for the emotional and/or behavioral difficulties results from sexual assault, terror events, and/or family crises related to the economic and mental stress caused by the health condition of a family member.
